## Assembly Instructions

2 Side Frames

Construct the Sides in the same way by matching numbers and clicking push buttons into place.

3 Install The Graphics

Fit the Main Graphic to the Main Frame and the side graphics to the Side Frames. Zip them closed.
4 Mount the Table Clamps

Mount the Tale Clamps on the ends of the table by tightening the screws on their undersides. Once the clamps are secure, carefully lower the main frame onto them so that the Bottom Sides slide onto the black cylinders.

5 Side Clamps

Attach one side of each Side Clamp to the sides of the Main Frame. One goes directly under the graphic and one above the table Clamp. Carefully lift each of the Sides to be level with the main frame and attach them to the open ends of the Side Clamps.

Storage & Care:
Store in a cool dry location. Clean hardware with a damp cloth. Machine wash the graphics in cold water on a gently cycle. Air dry only. Use a steamer for wrinkles. Never dry-clean.
